Spring 2003

ARE YOU READY FOR
KC IN 2003?

The Kansas City Flying Disc Club is having a spring general membership meeting this year. This isn't so much a meeting as it is a party to kick off the biggest season in Kansas City disc golf history.

Place: Danny's Big Easy - 1610 Main Street - Kansas City, MO
Date: March 12th (four days before the DUI)
Time: 7:00 pm

Awards will be handed out for league champions and club championship winners. Come pick up your custom made award!

(For a list of those being awarded see the Winter 2002/2003 Chain Mail sent in January.)

We will have all of the club merchandise available as well as those sale items from the last newsletter. There will be food, beer and soft drinks courtesy of your Kansas City Flying Disc Club.

Items of business to be discussed will include the upcoming disc golf season's major events as well as the monthly club events and leagues. Bring your comments and suggestions to share with the club.

A New Look for the Club Web Page

Technology being what it is these days the club has formed a technology committee to deal with it. The committee consists of Duncan Ferber, Sean Gibson, Dirk Hacker and Kevin Montgomery. The first thing to look for from this group will be a new look to the club website. Some time in March we will be unveiling an all-new layout with updated graphics and more and better content. Along with this move there may be an interruption of the web page's availability for a short time. But if you don't see it when you look continue trying back, it won't be down long.

Along with the updated look to kcfdc.org we have also added a site just for the 2003 Amateur World Championships. Go to www.discgolf.info to see what Dirk Hacker has put together to help us get the word out for the Am Worlds and to help us get the scores out once it starts.

If you have any suggestions or questions about the club web pages contact Duncan at dferber@kc.rr.com or Kevin at kmontgomery@kc.rr.com.

Ice Bowl 2003 Huge Success

Once again Kansas City came out in the cold to show our support for those less fortunate and to have a great time playing some winter disc golf. The turnout surpassed last year by one hardy soul for a total of 150. The club contributed over \$2400 to the Bishop Sullivan Center. Our own Beckett Carduff brought his ice carving skills and created a basket that actually worked, although, as you can imagine, getting a disc to stay in it wasn't so easy.

WyCo gets another 'facelift'

We will have diagrams on the existing tee signs within a month. **We are looking for sponsors!!** First come-first served!! For a mere \$150.00 you or your business can sponsor a hole for one year. This is a great opportunity for your business to get its name in front of the 'millions' (okay how about thousands), of people throwing WyCo over the next year. Advertising money is being used to complete the professional looking tee pads and signs. Call Mike at 913-208-7294 or send an e-mail to uhlefty@hotmail.com.

Also, we now have alternate pin placements on holes #2, 3, 5, 14, and 15. The workday on Saturday, March 1, was COLD and snowy, but we accomplished all we set out to do. Thanks K.mont, Jeff Campbell and Jake Carmack. Come out and throw! - Mike Wesley

DUII March 16th!!

The next club sponsored tourney will be the Down Under Invitational at Rosedale Downunder (it's not really by invitation, we just like the name). Registration starts at 8:30 with the first round starting no later than 10am. The TD for this event is Pete Cashen. For more information contact Pete at 913-677-2601 or by e-mail at ptinkc@swbell.net.

Donation Boxes Approved for Swope and Water Works

The Kansas City Parks and Recreation Department has approved the installation of bullet style donation boxes at Swope and Water Works Park. These donation boxes will be similar to the one already installed at Rosedale Park on the other side of the state line. Once these boxes are installed please do your part and set the example for non-club members by dropping in a buck or two per round. It's for the good of the game. Continued maintenance and enhancements to our courses depends on it. Thanks!
